Do you know someone struggling with addiction?

**ROAD TO RECOVERY**

**Join us for the Recovery Revolution!**

**April 20, 1-3 p.m.**  
Maureen Stapleton Theatre

23 million Americans are living lives in recovery from substance abuse issues today, and countless others are reaching out to get help every day.

Join us for this open panel discussion to learn more about how you might identify and assist someone struggling with addictions. We will also discuss the variety of resources available in the Capital Region to support recovery efforts.

Our panel will include people in recovery from addiction, faculty from the Human Services/Chemical Dependency Department, representatives from Friends of Recovery (FOR) New York, and the director of a local treatment agency.

**Please join us to learn how you can join The Recovery Revolution!**

Sponsored by the Human Services and Chemical Dependency Counseling Department.
